

MISSIONREGAN

Mission Regan Medical Supply List

MISSIONREGAN

Mission Regan is a 501c3 in McKinney, Texas, that redistributes medical supplies locally and globally year round. We generally have several hundred of each of the items listed below, but our inventory is dependent on our most recent donations. We receive unwanted or unneeded supplies from hospitals, clinics, and individuals and therefore a lot of our supplies are "gently expired". We do not separate expired from non-expired. All of our supplies are given away.

Contact Josh Willis, Executive Director, for information
